School Town of Speedway - Wednesday, September 30, 2020

Since our last communication on September 11, 2020, Speedway Schools has confirmed seven (7) new cases. Total confirmed cases since August 5, 2020, is ten (10).

Once we were notified of the positive test result, school officials worked collaboratively with the Marion County Public Health Department and Indiana State Health Department to identify all potential close contacts. Those families were immediately notified and given information about quarantine/isolation. This will remain the process of Speedway Schools with confirmed cases.

While following Marion County Public Health Department guidelines, we have staff members and students who are being isolated from school due to experiencing COVID-like symptoms. We have also had individuals quarantined by being in "close contact" with confirmed positive COVID-19 cases.
