

**SCHOOL-PROVIDED ACCESS TO ELECTRONIC INFORMATION, SERVICES, AND NETWORKS
PERMISSION FORM
SCHOOL TOWN OF SPEEDWAY**

We are pleased to offer the students of the School Town of Speedway access to the Internet and other telecommunications services. Access to these services will enable students to explore thousands of libraries, bulletin boards, and other computer networks for educational purposes. Families should be warned that some material accessible via these networks might not be appropriate for student use. We understand the risk involved, but we believe the educational benefits to students, in the form of information and opportunities for collaboration, exceed any disadvantages. A student will only be provided access if this permission form is appropriately signed and if the student has an educational assignment from a certified staff member. We will work to educate our students on appropriate use of the networks. However, it is ultimately the parents and/or guardians of minors who are responsible for setting and conveying the standard that their children should follow when using media and information services. To that end, the **School Town of Speedway** supports and respects each family's right to decide whether or not to apply for individual access for their child.
